

(Please return by June 16, 2005)
June 2005 - Early Action Compact Progress Report
York County

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	Al Greene	803-684-8511	Al.greene@yorkcountygov.com
EAC contact	Eric Greenway	803-909-7240	Eric.Greenway@yorkcountygov.com

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

No activities performed.

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

York County has begun planning and design of intersection improvements in the EAC-portion of York County through the 2003 Pennies for Progress program. These projects will reduce future congestion and improve safety without adding Single-Occupancy Vehicle (SOV) capacity. York County is also in the early stages of determining which community facilities are appropriate for inclusion in an Adequate Public Facilities Ordinance (APFO), which will promote more efficient land use in the EAC-portion of York County.

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

None.

5. Do you have any requests for specific assistance from the Department and/or the EPA?

Include York County Management in any discussions regarding an Inspection and Maintenance (I/M) program for the Non-Attainment portion of York County.
